

Palmerston North Boys' High School

Established 1902

INTERNATIONAL PROSPECTUS

PROSPECTIVE PARENTS AND STUDENTS

Founded in 1902, Palmerston North Boys' High School is a traditional boys' school whose vision is to Develop Educated Men of Outstanding Character. Since 1902, we have grown to more than 1,700 young men.

The young men at PNBHS are encouraged to achieve in the classroom and to combine this with sporting and cultural activities. This balance will enable them to be challenged and extended in a range of areas, helping prepare them for life beyond our gates.

As a Boys' School, we firmly believe in the benefits of a single sex education. We focus on what works for boys, on how boys learn and on the importance of an all-round education.

In recent years, independent research reports into the achievement of boys in boys' schools compared to the achievement of boys in co-educational schools. The findings of this research were extremely convincing:

Boys in boys' schools consistently achieve above boys in co-educational schools at all levels of NCEA, including merit and excellence awards. Boys in boys' schools have a higher rate of achieving Scholarships and University Entrance.

We are very proud of the committed staff here at PNBHS: more than 100 classroom teachers, all of whom are involved in the school's co-curricular programme. The relationships built in cultural and sporting activities translate to positive relationships in the classroom, and we know that young men thrive in an educational setting where relationships are positive.

PALMERSTON NORTH | NEW ZEALAND

New Zealand

New Zealand is a unique country with a population of only 5 million. It has some of the world's most amazing scenery, from lush green farmlands to the snow-covered mountains and golden beaches, which sets it apart from any other country.

Its people, known as "Kiwis" are known for their friendliness and hospitality with a safe and relaxing lifestyle.

Palmerston North

Palmerston North, often called "Palmy", has a population of 90,000 and is in the lower half of the North Island.

Palmy is in the middle of New Zealand – quick and easy to get everywhere, it is a small community, inexpensive and has no traffic jams.

Palmy has a wide range of shops, malls, cinemas, theatres and sporting facilities - in fact, all the facilities of a big city, but without the major problems of big city life.

Palmerston North has been awarded as an International Safe Community by WHO in 2013 and again in 2019.

Most parents, including myself, want our children to receive an excellent education while also having fun at school. Palmerston North Boys' High School has provided a broad range of subjects, extra-curricular activities, and opportunities for them to pursue their personal goals. One thing I like about them is they have small classes to help your children if they are experiencing difficulties. Furthermore, my son informed me that teachers are always willing to help in any way. I am proud that my son has a great time at school, and as a parent, I am extremely delighted with how the school handles problems and looks after my son. - Mr Chun Kit Tsang, Parent, Hong Kong

“It was a great experience living in College House. I was in College House at the start of year 9 and it was quite tough to socialise with other people. However, the staff members were really helpful and also the boys too. We got to know each other better and better and that’s how we created our brotherhood in College House”
