PALMERSTON NORTH BOYS' HIGH SCHOOL (#202)

Amended Enrolment Scheme Description

Effective from 1 January 2023

The guidelines for development and operation of enrolment schemes are issued under Schedule 20 of the Education and Training Act 2020 for the purpose of describing the basis on which the Secretary's powers in relation to enrolment schemes will be exercised.

Since being founded in 1902, Palmerston North Boys' High School has catered for a diverse range of students because they come from a wide cross-section of families and are selected without regard to social, economic, or cultural factors. Palmerston North Boys' High School wishes to maintain that balance.

The School Board believes that the resources provided by Palmerston North Boys' High School will support an optimum roll of 1750 students. This is the number of boys which the school's site, classrooms, and shared facilities such as hall, library, gymnasia, swimming pool and outside area can reasonably be expected to accommodate.

Home Zone

All students who live within the home zone described below and shown on the attached map shall be entitled to enrol at the school. Both sides of each road are included in the zone unless otherwise stated.

In a clockwise direction:

1. The zone begins at the intersection of Gillespies Line and Flygers line and travels northeast on Flygers Line to its intersection with Milsons Line. Only addresses on the southern side of Flygers Line are in zone.

2. At the intersection of Flygers Line and Milsons Line, the zone travels southeast on Milsons Line to its intersection with Tremaine Avenue and Ruahine Street. Only addresses on the western side of Milsons Line are in zone.

In-Zone Enrolments

Proof of residence within the home zone may be required.

Each year applications for enrolment in the following year from in-zone students will be sought by a date which will be published by notice in a media suitable for the local community. This will enable the school board to assess the number of places which can be made available to students who live outside the home zone. *(This paragraph is optional)*

Out of Zone Enrolments (updated to new Act)

Each year the school board will determine the number of places, and the number of pre-enrolment periods, which are likely to be available in the following year for the enrolment of students who live outside the home zone. The school board will publish this information by notice in a media suitable for the school and wider local community. The notice will indicate how applications are to be made, the date by which all applications must be received, and the date any ballot will be held.

Applications for enrolment will be processed in the following order of priority, according to legislation:

First Priority	*This priority category is not applicable to this school as it does not operate a special programme approved by the Secretary of Education.*
Second Priority	will be given to applicants who are siblings of current students.
Third Priority	will be given to applicants who are siblings of former students.
Fourth Priority	will be given to any applicant who is a child of a former student of the school.
Fifth Priority	will be given to any applicant who is either a child of an employee of the board of the school or a child of a member of the board of the school.
Sixth Priority	will be given to all other applicants.

Note: Applicants seeking second or third priority status may be required to give proof of a sibling relationship.

If there are more applicants in the second, third, fourth, fifth or sixth priority groups than there are places available, selection within the priority group will be by a ballot conducted in accordance with instructions issued by the Secretary under Schedule 20, Clause 3 of the Education and Training Act 2020.
